**Subject:** FW: San Jacinto - Final Groundwater SAP

David,

The U.S. Environmental Protection Agency (EPA) has completed its review and approves the above referenced groundwater sampling and analysis plan dated March 2016.

As we discussed, the field work for well installation and groundwater sample collection will begin no later than the week of April 4, 2016. We will followup-up this email with a letter. Please let me know if you have any questions on this.

Regards,

Gary Miller
